

# GLOBAL PERSPECTIVES ON THE UNITED STATES

Library Journal: Best Reference Source  
Booklist: Editor's Choice

EDITED BY

**David Levinson and Karen Christensen**

Editors of *The Encyclopedia of Modern Asia*  
and authors of *The Global Village Companion*

## VOLUMES 1–2: A Nation by Nation Survey

This unique, nonpartisan survey, written by experts from around the globe, is the first general resource to explore the role and image of the United States from the viewpoints of the peoples and nations of the world. The 140 comprehensive and extensively annotated articles provide historical coverage and contemporary analyses drawn from a wide range of sources, including nineteenth-century travel accounts, international treaties, newspaper stories from around the world, and popular music. Sidebars, illustrations, and statistical snapshots emphasize the countless influences that have shaped perceptions of the United States since its founding; the broad coverage and fascinating detail vividly convey the complications and contradictions inherent in understanding how the rest of the world perceives the United States.

"... *Global Perspectives on the United States* provides a picture of America that is both revealing and troubling. It is one that, until now, had not been presented in such a thorough and sweeping fashion. ... Most academic libraries will want to add it to their collections, as will a number of larger public libraries."

—Against the Grain

## VOLUME 3: Issues and Ideas Shaping International Relations

Over 100 authoritative essays on the issues, events, and developments affecting relationships among the nations of the world, including human rights, the Cold War, and trade agreements. A companion to Berkshire's *Global Perspectives on the United States: A Nation by Nation Survey*, but available separately.

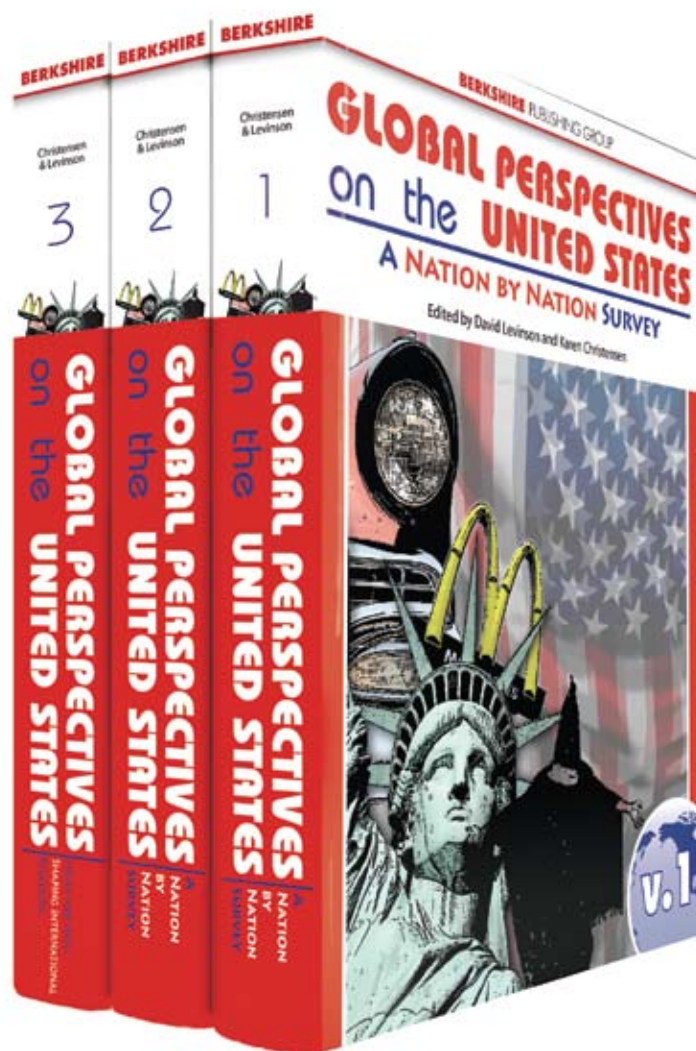

"... a necessary and core addition to academic and community library International Studies reference collections."

—Midwest Book Review

"*Global Perspectives on the United States* is especially valuable, and I hope it will be widely read. That would have a healthy influence on the present and future policies of this nation."

—Howard Zinn, Boston University

author of *A People's History of the United States*

"... a great resource for academic, public, and high-school libraries."

—Booklist Starred Review

### 3-VOLUME SET

ISBN 978-1-933782-26-3

U.S. Price: \$395

1,350 pages, 8½ × 11 inches

Volumes 1–2 only, ISBN 978-1-933782-06-5

900 pages, 8½ × 11 inches, U.S. Price: \$275
